Therefore, the processes by which all procurement activities are conducted will be in accordance with the Council's procurement policies and procedures as set out in this Policy and related Council policies and procedures.

Discussion with potential suppliers during tender or quotation evaluations should not go beyond the extent necessary to resolve doubt on what is being offered by that supplier. Such discussions should only occur with the authorised person nominated in the evaluation process.

6 Governance

6.1 Governance Structure

The Council shall:

- a) Establish a procurement management responsibility structure and delegations ensuring accountability, traceability and auditability of all procurement decisions made over the lifecycle of all goods, services and works purchased by the Council.
- b) Ensure that Council's procurement structure is flexible enough to purchase in a timely manner the diverse range of material, goods, works and services required by Council.
- c) Ensure that prospective contractors and suppliers are afforded an appropriate opportunity to tender/quote.
- d) Encourage competition.
- e) Ensure that policies that impinge on the purchasing policies and practices are communicated and implemented.

6.2 Standards

The Council's procurement activities shall be carried out to the professional standards required by best practice and in compliance with:

- a) The Act.
- b) Council's policies, procedures and guidelines.
- c) The Council's Code of Conduct, (Includes Councillors Code of Conduct and Employee Code of Conduct).
- d) Local Government Best Practice Procurement Guidelines.
- e) Other relevant legislative requirements such as, but not limited to, the *Trade Practices Act*, *Goods Act* and the *Environmental Protection Act*, and the relevant provisions of the *Competition and Consumer Act 2010*. Procurement operations are consistent with prescribed rights and responsibilities and they respect the 20 fundamental rights within the *Victorian Charter of Human Rights and Responsibilities Act 2006*.

6.3 Methods of Purchasing

The Council's standard methods for purchasing goods, services and works shall be by some or all of the following methods:

- a) Procurement Card (e.g. Credit Card, and Debit Card). Note all purchase via a credit card and/or debit card must be undertaken by first completing a [Credit and Debit Card Purchase Request Form](#). The form must be approved by applicable Council Officer prior to purchase being undertaken.
- b) Fleet card. Fuel can only be purchased via authorised fleet cards (Refer to Fleet Card section of Procurement Management Manual).
- c) Purchase order requisition for all goods and services (unless via procurement card, credit or debit card).
- d) Purchase order requisition following a quotation process from suppliers for goods or services that represent best value for money under directed quotation thresholds.
- e) Under contract following a tender process.
- f) Where Council is satisfied that Value for Money requirements have been fulfilled, under purchasing schemes including collaborative purchasing arrangements with other Councils and

commercial schemes such as provided by Procurement Australia, the Municipal Association of Victoria (Vendor Panel), the State Government Purchasing Panel, and other State and Federal Government Agency or Department Purchasing Panels (refer to section 7.5.1). Utilising this method would not require Council to go to market with an RFx.

- g) Where Council is satisfied that Value for Money requirements have been fulfilled in item 6.3 (f), Council may utilise that pricing to negotiate a best and final offer from a local supplier.
- h) Unless other arrangements authorised by Council or the Chief Executive Officer on a needs basis as required by abnormal circumstances ~~such as emergencies~~.

The Council may, at the Chief Executive Officer's discretion and based on the complexity and cost of the project, conduct one stage or multi-stage tenders.

Typically a multi-stage tender process will commence with an expression of interest stage followed by a tender process involving the organisations selected as a consequence of the expression of interest stage.

Council may also choose to seek Requests for Information or Requests for Proposals as a precursor to the tender process.

A Council Director or Manager may determine to seek Expressions of Interest where:

- a) There is likely to be many tenderers and tendering will be costly or the procurement is complex; and Council does not wish to impose the costs of preparing full tenders on all tenderers.
- b) There is uncertainty as to the willingness and/or interest of parties or vendors to offer the potential products or services or to undertake the proposed works.
- c) The requirement is complex, difficult to define, unknown or unclear.
- d) The requirement is capable of several technical solutions.
- e) The requirement is generally known but there is still considerable analysis, evaluation and clarification required (both of the objective and the solution).

An Expression of Interest process can be undertaken where determined by the Chief Executive Officer, a Director or Manager and where Council advertises publicly:

- a) The purpose and nature of the contract.
- b) The date by which it will invite tenders.

Tenders and Expressions of Interest should not be used to compensate for a lack of understanding as to a Council's needs. If uncertain what is required; a simple Request for Information should be undertaken. A Request for Information may be undertaken for reasons which include establishing:

- a) The availability of technologies, products or services available in the market place to meet Council needs.
- b) Whether proposed terms and conditions or deliverable expectations are acceptable in the market place.
- c) Whether proposed budgets are adequate to meet non-standard procurement needs – inadequate budgets should not become apparent when tenders are opened.

A Request for Information should be used rather than a Request for Tender or Expression of Interest in order to improve understanding of needs, availability and likely costs.

A Request for Information will be undertaken similar to an Expression of Interest and advertised accordingly. Care must be taken when writing a specification for a Request for Information to ensure there is no commitment to purchase inadvertently included.

6.4 Responsible Financial Management

The principle of responsible financial management shall be applied to all procurement activities.

Accordingly, to give effect to this principle, the availability of existing funds within an approved budget, or source of funds, shall be established prior to the commencement of any procurement action for the supply of goods, services or works.

Council staff must not authorise the expenditure of funds in excess of their financial delegations. Council staff that breach their delegated authority may face disciplinary action in accordance with Council's Human Resource Policy and Guidelines Manual.

Council funds must be used efficiently and effectively to procure goods, services and works and every attempt must be made to contain the costs of the procurement process without compromising any of the procurement principles set out in this Policy.

7 Procurement Thresholds and Competition Requirements

Council procurement processes are based on the Value for Money Principle:

7.1 Value for Money

The benefits of the purchase are weighted against the costs necessary for the optimum result for the Council and local community. The Council is not required to accept the lowest tender. Instead, the Council is required to take into account issues of quality, cost, the accessibility of the service and other factors relevant to the overall objectives of the Local Government Act.

Value for Money is often mistaken for meaning the lowest price, however, in terms of the contracting process; Value for Money requires the balance of quality, price and Council objectives, with as much transparency as is reasonably achievable.

Achieving Value for Money also requires *challenging* the need for the procurement and the way in which the service may be reconfigured to achieve improvements in service delivery, *comparing* service provision options against all those available, *consulting* with key stakeholders and ensuring *competition* in the open market.

Achieving Value for Money must be the basis of all procurement decisions within the Council.

7.2 Minimum Spend Competition Thresholds

Any Council procurement must comply with the Local Government Act and Council's own policy, guidelines and procedures.

Financial Thresholds (AUS \$ excluding GST)	Requirements

Payment of all claims shall be subject to review by the Council's Authorised Officer that requested the works, and the applicable Manager, Director or the Chief Executive with financial delegation. All invoices shall be submitted in accordance with the Schedule of Rates forming part of the contract. It is the responsibility of the Authorised Officer to ensure that the claim complies with the contract.

7.4 Prepayments

Prepayments for any goods/services cannot be made without the prior approval of the Manager Corporate Services or the Chief Executive Officer.

7.5 Panel Arrangements

7.5.1 Approved Arrangements

Council may procure goods, services or works without undertaking public quotation or tender process via the following supplier panels:

- a) Municipal Association of Victoria Procurement (MAV Procurement).
- b) Procurement Australia.

- c) State Purchase Contracts (SPC's) and Whole of Victorian Government Contracts (WoVGs).
- d) State or Federal Government Agency or Department Panel of Preferred Supplier arrangements that have been established complying with legislative frameworks that have undertaken an open, competitive tendering process.

7.5.2 Process for Purchasing via Approved Arrangements

Authorised Council Officers may purchase directly from the supplier panels as listed above in clause 7.5.1 to source goods, services or works. A supplier, consultant and/or contractor listed on an approved supplier panel has been assessed against a value for money criteria for inclusion on a preferred supplier panel arrangement.

The Council Officer is to source a quotation from an applicable supplier panel. The Council Officer is to consider how the procurement of the goods meets Council's requirements in relation to capability, capacity, price, social procurement and local supply. The Council Officer is to complete the [Value for Money Report – Procurement Panel](#), which must be considered by the Project Manager, applicable Director and a Technical Specialist, prior to being submitted to the Chief Executive Officer for approval.

Where the procurement exceeds the Chief Executive Officer's financial delegation, or a conflict of interest is declared, the procurement activity is to be approved by a resolution of Council.

7.5.3 Agency Arrangement – Council Acting as the Agent

Council may procure goods, services or works with a Council acting as the agent for a group of Council's provided that the agent Council complies with the requirements of the Act.

Extension of contracts while Council is at market	<p>Allows Council to extend an existing contract where the procurement process to replace the contract has commenced, and where the tender process or negotiations will take or are taking longer than expected.</p> <p>This exemption may be used when the establishment of an interim short-term arrangement with an alternative supplier is considered not to be in the public interest, as it may be cost prohibitive and/or present a risk in the delivery of critical public services to the municipality.</p>
4. Professional services unsuitable for tendering	<p>Examples include, but are not limited to; Legal Services, Insurance, Accounting (not including internal audit engagements).</p>
5. Novated Contracts and Leases	<p>Where the initial contract was entered into in compliance with <i>the Act</i> and due diligence has been undertaken in respect to the new party.</p>

Refer to Council's Procurement Management Manual on the documentation process for justifying the Exemption to the Procurement Policy requirements.

7.7 Total Cumulative Spend

Care should be taken when reviewing the limits at 7.2 (above). Where significant sums are spent in aggregate with one supplier or on one service, it is necessary to structure procurement proposals (as requests for tenders, quotations or prices), in order to achieve greatest value and supplier performance by leveraging this cumulative spend, rather than treating each discrete arrangement as a separate procurement exercise. Council has determined that the cumulative expenditure to a supplier or for a specific product/service for a period of up to two years is to be taken into account unless the exemption is approved by the Chief Executive Officer.

For example, if Council is spending \$70,000 on stationery items each year and Council determines that the optimum period for obtaining value for money is two years; the indicative value of the contract is \$140,000 and it is therefore subject to the legislative requirement to seek tender proposals through a public process.

Should the Chief Executive Officer consider that the nature of the requirement and the characteristics of the market are such that the public tender process would lead to a better result for the Council, public tenders may be called for purchase of goods, services and works for which the estimated expenditure is below the thresholds set under this Policy.

8 Determining the Procurement Process

8.1 Tenders and Invitations to Supply

A public tender / invitation to supply process must be undertaken as per the thresholds contained in this Policy when:

- a) Purchase of all goods and services for which the estimated expenditure exceeds \$80,000 (excluding of GST).
- b) Building and construction works for which the estimated expenditure exceeds \$80,000 (excluding GST).

8.2 Expression of Interest

An expression of interest is a two-step process. When the thresholds are met an Expression of Interest process does not replace the need to call tenders. It simply precedes the calling of tenders and generally seeks to constrain the number of, and focus the quality and detail of tenders received.

An Expression of Interest process is generally structured with the following components:

- a) Overview of requirements.
- b) Invitation to submit.
- c) Criteria for evaluating.
- d) Form offer (respondents form).

An expression of interest should be used in circumstances where:

- a) There is likely to be many tenderers, tendering will be costly or the procurement is complex.
- b) There is uncertainty as to the interest of suppliers or vendors to offer the potential products or services or to undertake the proposed work.

8.3 Market Approach

Purchase of goods and services may be undertaken using the procurement method as described below:

8.3.1 Items with a value up to \$100

- a) A price comparison is to be undertaken, where possible, for all purchases up to and/or equal to one hundred dollars. This may include catalogue searches, internet searches etc.

- b) The purchase order requisition is to be approved by the applicable Manager (as per Authorised Delegations Listing).
- c) Suppliers cannot be engaged unless authorisation has been granted.

8.3.2 Items with a value \$101 to \$5,000

- a) A Council Officer is required to seek as a minimum one written quote. The written quotation information is to be attached to the purchase order requisition request.
- b) The purchase order requisition is to be approved by the applicable Manager (as per Authorised Delegations Listing).
- c) Suppliers cannot be engaged unless authorisation has been granted.

8.3.3 Items with a value \$5,000 to \$15,000

- a) A Council Officer is required to seek as a minimum one written quotation. The written quotation information is to be attached to the purchase order requisition request.
- b) The purchase order requisition is to be approved by the applicable Manager (as per Authorised Delegations Listing).
- c) Suppliers cannot be engaged unless authorisation has been granted.

8.3.3 Items with a value \$15,001 to \$25,000

- a) The Council Officer is required to seek as a minimum of three written quotations.
- b) A minimum of one of the three quotes **must be** obtained from a local supplier/provider wherever possible.
- b) The quotation selected must represent the principles of value for money.
- c) The purchase order requisition is to be approved by the applicable Manager (as per Authorised Delegations Listing).
- c) Suppliers cannot be engaged unless authorisation has been granted.

8.3.4 Items with a value \$25,001 to \$80,000

- a) Council is to receive up to three written quotations by issuing a Request for Quotation which may be accompanied by a Public Notice.
- b) Details of the suppliers contacted and their quotations must be recorded in the Councils' records management system.
- c) The quotation selected must represent the principles of value for money in accordance with the Evaluation Plan (refer to Procurement Management Manual).
- d) The purchase order requisition is to be approved by the applicable Director and/or the CEO (as per Authorised Delegations Listing).
- e) Suppliers cannot be engaged unless authorisation has been granted.

8.3.5 Items with a value above \$80,001 and above

- a) Council requires that items with a value above \$80,001 are to be publicly advertised, via a public tender / invitation to supply / expression of interest process. (Refer to Section 8.1 of this Policy and the Procurement Management Manual).
- b) Details pertaining to the process must be recorded in the Councils' approved records management system.
- c) Suppliers cannot be engaged unless authorisation has been granted by the CEO and/or Council and a Contract/Agreement has been signed and executed by both parties.

8.4 Statutory Payments

The Chief Executive Officer has authority to approve statutory and compliance payments to Government and legislated authorities and/or organisations that are in excess of the Chief Executive Officer delegation recorded in this Policy.

8.5 Public Advertising

Quotations may be advertised at the discretion of the Directors and CEO in addition to the methods above. This may occur when a field of potential suppliers hasn't been established, or an innovative approach is required, or the project has broad appeal that may attract keen prices.

8.6 Insufficient Quotations

The situation may arise where insufficient quotations are received to satisfy the above requirements.

This may occasionally occur where there are few suppliers for the goods, services or works being sought or the work is highly specialised. In this case, the details of the contacted suppliers must be recorded and an appropriate comment recorded.

There may be occasions when only one quotation may be received. Such occasions would require approval of the Chief Executive Officer and would generally be considered under the following circumstances:

- a) In the event of emergency works for safety reasons.
- b) When there is only one known and reputable supplier.
- c) Where it can be demonstrated that multiple quotations were actively sought and responses were not forthcoming.

Where such circumstances occur, an [Internal Memo - Justification Exemption to Procurement Policy](#) must be completed, signed by the Chief Executive Officer and submitted with the Purchase Order requisition.

9 Evaluation Criteria

The evaluation criteria for the Tender, Invitation to Supply, Expression of Interest and Request for Quotation process is outlined in the [Procurement Management Manual](#).

10 Delegation of Authority

Delegations define the limitations within which Council staff are permitted to work. Delegation of procurement authority allows specified Council staff to approve certain purchases, quotation, tender, invitation to supply and contractual processes without prior referral to the Council. This enables the Council to conduct procurement activities in an efficient and timely manner whilst maintaining transparency and integrity.

Procurement delegations ensure accountability and provide confidence to Council and the public that purchasing activities are dealt with at the appropriate level.

Council has delegated responsibilities as detailed below relating to the expenditure of funds for the purchase of goods, services and construction works, the acceptance of quotes, tenders and offers and for contract management activities.

Refer to [Appendix A](#) for a list of Authorised Delegations Listing.

10.1 Delegations

10.1.1 Council Staff

The Council shall maintain a documented scheme of procurement delegations, identifying the Council staff authorised to make such procurement commitments in respect of goods, services and construction works on behalf of the Council and their respective delegations contained in Authorised Purchasing Levels (*Appendix A*) and the Procurement Management Manual:

- a) Acceptance of tenders and offers.
- b) Acceptance of quotes.
- c) Contract term extensions (within authorised budget).
- d) Contract amendment (non-financial).
- e) Contract amendment (financial).
- f) Appointment to register of pre-qualified suppliers.
- g) Credit Card and Debit Card purchases.
- h) Procedural exceptions.
- i) Variations and Contract term extensions.

10.1.2 Decisions Reserved for the Chief Executive Officer

- a) All contracts with expenditure equal to or less than \$150,000 (excluding GST) for Goods, Services and Works must be approved by the Chief Executive Officer or his or her delegate.
- b) Variations and Contract term extensions requiring additional budget that exceeds the Chief Executive Officer delegations must be approved by Council. The projects accumulative spend must be taken into consideration when assessing budget, contract extension and variation approvals. (E.g. Project approved by CEO for \$140,000. Variation to project scope for \$10,000 was approved by CEO. Total project is \$150,000. Further variation is required of \$20,000. This would increase the total accumulative spend on project to \$170,000 which is outside of the CEO's delegation. The Council would be required to assess and approve the budget, variation and contract changes.)
- c) Where the detailed procurement has been itemised and adopted in the Budget and endorsed by Council and exceeds the \$150,000 (excluding GST) threshold. This could include purchases of itemised plant and equipment.
- d) Where the Chief Executive Officer has a declared Conflict of Interest, the RFx recommendation is to be presented to Council for final approval.

10.1.2 Decisions Reserved for the Council

Commitments and processes which exceed the Chief Executive Officer's delegation and which must be approved by the Council are:

- a) Initial signing and sealing of contract documents above the Chief Executive Officer's delegation or where the Chief Executive Officer declares a conflict of interest.
- b) Tender recommendations and contract approval for all expenditure over \$150,000 (excluding GST) for Goods, Services and Works, unless it meets the condition outlined in 10.1.1 (c).
- c) Variations and contract term extensions outside of the Chief Executive Officer's delegation.
- d) If a decision is made to exercise the contract extension clause of a contract where Council was required to sign and seal the original contract documents.

10.2 Internal Controls

The Council will install and maintain a framework of internal controls over procurement processes that will ensure:

- a) More than one person is involved in and responsible for, each procurement transaction.
- b) Transparency in the procurement process.
- c) A clearly documented audit trail exists for procurement activities and functions.
- d) Appropriate authorisations are obtained and documented.
- e) Systems are in place for appropriate monitoring and performance measurement.
- f) Maintain all records relevant to administering this Policy in accordance with the *Public Records Act 1973 (Vic)*.

Council will develop and maintain a Procurement Management Manual to provide guidance to staff on all operational aspects of procurement. The manual will include all checklists and forms required in Council's procurement process.

11 Tender / Contract Management

11.1 Risk Management

Risk Management is to be appropriately applied at all stages of procurement activities which will be properly planned and carried out in a manner that will protect and enhance the Council's capability to prevent, withstand and recover from interruption to the supply of goods, services and works.

Council will manage all aspects of its procurement processes in accordance with its adopted Risk Management Policy and in such a way that all risks, including occupational health and safety, are identified, analysed, evaluated, treated, monitored and communicated to the standard required by the law, in accordance with Australian Standards and Council Policy.

11.2 Health and Safety

To ensure the health and safety of our workers and visitors, procurement will be undertaken in accordance with requirements set out in the Yarriambiack Shire Council's Health and Safety Management systems and approved policies and as required by legislation.

11.3 Supply by Contract

The provision of goods, services and works by contract potentially exposes the Council to risk.

The Council will minimise its risk exposure by measures such as:

- a) Standardising contracts to include current, relevant clauses.
- b) Requiring security deposits where appropriate (bank guarantee and/or retention).
- c) Referring specifications to relevant experts.
- d) Implementing a robust, systematic and unbiased tender / offer evaluation and due diligence process.
- e) Requiring contractual agreement before allowing the commencement of work.
- f) Use of or reference to relevant Australian Standards (or equivalent).
- g) Effectively managing the contract including monitoring and enforcing performance.

11.4 Contract Terms

All contractual relationships must be documented in writing based on standard terms and conditions.

Where this is not possible, approval must be obtained from the Chief Executive Officer.

To protect the best interests of the Council, terms and conditions must be settled in advance of any commitment being made with a supplier. Any exceptions to doing this expose the Council to risk and thus must be authorised by the Chief Executive Officer.

11.5 Endorsement

Council staff must not endorse any products or services. Individual requests received for endorsement must be referred to the Chief Executive Officer.

11.6 Dispute Resolution

All Council contracts shall incorporate dispute management and alternative dispute resolution provisions to minimise the risk of legal action.

11.7 Contract Management

The purpose of contract management is to ensure that the Council and where applicable its clients, receive the goods, services or works provided to the required standards of quality and quantity as intended by the contract by:

- a) Establishing a system monitoring and meeting the responsibilities and obligations of both parties' under the contract.
- b) Providing a means for the early recognition of issues and performance problems and the identification of solutions.
- c) Adhering to Council's Risk Management Framework and adhering to relevant Occupational Health and Safety Contractor Compliance Procedures.

All Council contracts are to include contract management requirements. Furthermore, contracts are to be proactively managed by the member of Council staff responsible for the delivery of the contracted goods, services or works to ensure the Council receives Value for Money.

11.8 Variances

During the course of a contract there may be valid reason(s) when the contract needs to be varied; this variance to the contract normally comes with a cost. All claims for variances must be requested via a Variation Form and approved by the Officer with delegated authority as set out in Clause 10. All Variation Orders must be recorded on a Variation Register.

12 Demonstrate Sustained Value and Integration with Council Strategy

The Council procurement strategy shall support its corporate strategy, aims and objectives, including but not limited to those related to sustainability, protection of the environment, corporate social responsibility and meeting the needs of the local community such as:

- a) Feeling safe.
- b) Living in a clean and pleasant environment.
- c) Receiving good quality and well managed Council services that provide value for money.

12.1 Achieving Best Value for Money

The Council's procurement activities will be carried out on the basis of obtaining Best Value for Money.

This means minimising the total cost of ownership over the lifetime of the requirement consistent with acceptable quality, reliability and delivery considerations. Lowest price is not the sole determinate of Best Value for Money.

12.2 Approach

This will be facilitated by:

- a) Developing, implementing and managing procurement strategies that support the co-ordination and streamlining of activities throughout the lifecycle.
- b) Effective use of competition.
- c) Using aggregated/centralised contracts and Standing Offer Agreements where appropriate.
- d) Identifying and rectifying inefficiencies in procurement processes.
- e) Developing cost efficient tender processes including appropriate use of e-solutions (e.g. e-Procure).
- f) Council staff responsible for providing procurement services or assistance within the Council providing competent advice in terms of available products and agreements.
- g) Working with suppliers to create relationships that are professional and productive and are appropriate to the value and importance of the goods, services and works being acquired.

12.3 Collaboration

Collaborate with other Council's and public bodies in the procurement of goods and services to achieve Best Value for Money.

This will be achieved by:

- a) Participate in networking opportunities and special interest groups within the region.
- b) Develop partnerships with small rural shires to facilitate regional training and professional development opportunities.
- c) As procurement opportunities arise, consult with local Council's and governing bodies to assess if there is an opportunity for joint procurement activities.

- a) Ensures impartiality and objectivity.
- b) Encourages the use of standard products.
- c) Encourages sustainability.
- d) Eliminates unnecessarily stringent requirements.
- e) Wherever possible specifies technical standards and requirements that are within the capabilities of local and other suppliers.

14 Performance Measure and Continuous Improvement

Appropriate performance measures are to be established and reporting systems will be used to monitor performance and compliance with procurement policies, procedures and controls.

Procurement procedures, practices and costs will be benchmarked externally. Internal service standards will be agreed within the Council and performance against these targets will be measured and reviewed regularly to support continuous improvement.

The performance measurements developed will be used to:

- a) Highlight trends and exceptions where necessary to enhance performance.

- b) Improve the internal efficiency of the procurement process and where relevant the performance of suppliers.
- c) Facilitate programs to drive improvement in procurement to eliminate waste and inefficiencies across key spend categories.

15 Sustainability

Council is committed to achieving sustainability and ensuring it monitors and reports on Council activities and programs that have an impact on, or contribute to the environment, including but not limited to:

- a) Waste management.
- b) Recycling.
- c) Energy management.
- d) Emission management.
- e) Water conservation.
- f) Green building design.

15.1 Sustainable Procurement

Sustainable procurement is the acquisition of necessary goods and services that have least impact on the environment and human health, within the purchaser's capacity to do so.

The Yarriambiack Shire Council recognises it has an implicit role in furthering sustainable development, through its procurement of goods, services and works.

In addition, the Yarriambiack Shire Council recognises the potential impact this spend has on the environment and where applicable will integrate sustainability, environmental and social issues into the procurement process. The Council aims to achieve this by:

- a) Considering the need to minimise emissions and reducing the negative impacts of transportation when purchasing goods and services.
- b) Taking steps to minimise carbon dioxide and other greenhouse gas emissions through the detailed consideration of products and services procured.
- c) Considering the environmental performance of all suppliers and contractors and encouraging them to conduct their operations in an environmentally sensitive manner.
- d) Considering the basic life cycle analysis of products to minimise the adverse effects on the environment resulting directly or indirectly from products.
- e) Selecting products / services that have minimal effect on the depletion of natural resources and biodiversity.
- f) Working more effectively with local suppliers to ensure they are encouraged to bid for the Council's business in line with the Procurement Policy.
- g) Ensuring all relevant procurement contracts and tenders contain sustainability specifications as appropriate to the product or service being procured.

15.2 Environmental Purchasing

Environmental purchasing is the inclusion of environmental factors in decisions on the purchase of products and/or services. It is sometimes called "green", "sustainable" or "environmentally preferable" purchasing. The aim of considering environmental factors is to buy products or services that have less impact on the environment and human health than otherwise comparable products or services. Environmental purchasing can achieve several benefits:

- a) Reduce energy and water consumption (which can reduce costs).
- b) Improve resource use efficiency.
- c) Reduce waste (which can reduce waste disposal costs).
- d) Reduce environmental health impacts of products and services.
- e) Reduce pollution.
- f) Provide markets for new environmentally preferable products.

- h) Provide leadership to the community.
- i) Encourage industry to adopt cleaner technologies and produce products with lower environmental impacts.

15.3 Corporate Social Responsibility

Corporate Social Responsibility (CSR) is about taking positive action to demonstrate the Council’s commitment to the local community and environment on which it impacts. This means the Council maximising the benefits of the services they provide across the community and minimising the negative aspects of their activities.

The Council integrates CSR into its organisational policies and practices through social procurement, sustainability and diversity.

15.4 Social Procurement

Social procurement involves using procurement processes and purchasing power to generate positive social outcomes in addition to the delivery of efficient goods, services and works. For Local Government, social procurement builds on initiatives already undertaken by the sector in enhancing sustainable and strategic procurement practice, enabling procurement to effectively contribute to building stronger communities. Social procurement is a key mechanism by which to generate wider social benefits by providing a mechanism for linking and integrating social and economic agendas.

Yarriambiack Shire Council supports social procurement when engaging local suppliers, contractors and/or service providers and would seek Ministerial Exemption when the required works provide Value for Money to Council and would be advantageous to any of the following:

- a) Employment of disadvantaged groups.
- b) Employment of Apprentices.
- c) Employment of recognised Youth Traineeships.
- d) Employment of Youth labour.
- e) Benefits to local community.

16 Support of Local Business

Council is committed to buying from local businesses where such purchases may be justified on Best Value for Money principles.

Wherever practicable, Council will fully examine the benefits available through purchasing goods, services or works from suppliers/contractors within the Yarriambiack Shire Council boundary. Council will also seek from prospective suppliers/contractors where applicable, what economic contribution they will make to the Yarriambiack Shire Council municipality. All quotes should include a ten percent (10%) evaluation allowance for local businesses, depending on the type of procurement being sourced.

Council must endeavour to obtain a minimum of one quote from a local supplier where possible. In the event that this is not possible, the Accountable Officer will advise the Corporate Services Department so that supply gaps can be tracked and matched with future business opportunities.

A local supply weighting will be built into the evaluation criteria for all RFx Evaluation Plans as outlined in the Procurement Management Manual.

17 Diversity

Promoting equality through procurement can improve competition, Value for Money, the quality of public services, satisfaction among users and community relations. It should be a consideration in every procurement project and reflect corporate commitment to diversity and equal opportunities wherever possible.

22 Build and Maintain Supply Relationships

Council recognises that in order to achieve sustainable value, a strategic assessment of the appropriate 'channel to market' should be undertaken – whether to go to market on its own, participate in regional or sector aggregated projects or panels, access State Government panel agreements or other means. Council will consider supply arrangements that deliver the best value outcomes in terms of time, expertise, cost, value and outcome.
