Road Reserve Works Permit

Commencing Work – Work shall not commence until a permit is issued except in the event of an emergency. Your permit may take up to five working days to process and may include a pre-permit inspection by Council.

Dial before you Dig

Work should not commence until underground services have been verified via Dial Before You Dig. Web address: 1100.com.au or telephone 1100.

Traffic Management

For works which take longer than one day and where works are on or within 1.2 metres of the road pavement, a traffic management plan must be drawn up by an accredited traffic controller. A copy of the traffic management plan must be submitted to Council prior to works commencing and kept on site at all times and produced upon request.

Significant Vegetation

There shall be no significant or native vegetation removed or damaged as part of the works without a relevant Planning Permit.

Asset Protection Permit - Damage to Council Assets

Any damage to Council and/or Other Authority assets caused by the proposed works shall be repaired to the satisfaction of the responsible authority. An Asset Protection Permit Application must also be lodged with Council – an additional fee for the Asset Protection Permit will apply.

Amount Payable - \$110.00

If Lodging Application by mail, email or fax – please complete the payment section below:-
