

# Traffic Flow at Murtoa School & Early Years Precinct

Traffic signage and line markings have been updated to emphasise the one-way direction of Munro Street from the Collins Street intersection onwards into the *Murtoa School & Early Years Precinct*.

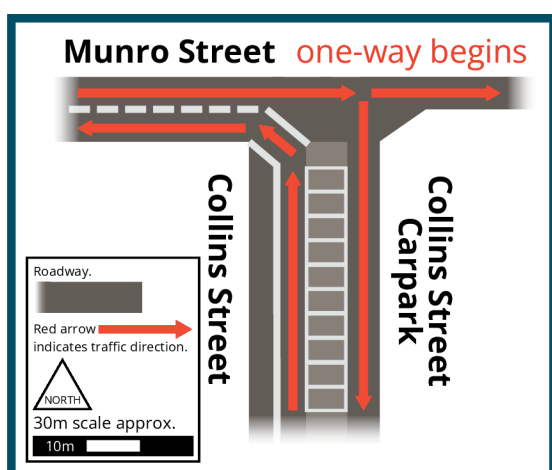

This is to optimise the flow of traffic to minimise delays around the street intersection and ensure the safety of our community, especially during high traffic volume times such as during school drop-off and pick-up.

All vehicles travelling in this area must follow the traffic signage and line markings.

Traffic entering the *Murtoa School & Early Years Precinct* must travel eastward along Munro Street, then either:

- turn right into the Collins Street carpark, or
- continue eastward, turning right at Webb Street to access the Webb Street pick-up/drop-off spaces or the Webb Street carpark.

To exit the *Murtoa School & Early Years Precinct* you must leave via Collins Street and only turn left onto Munro Street in a westward direction.

Full traffic flow diagram of the *Murtoa School & Early Years Precinct* is available on the back page.
