Ver. Shire Council

The Mayor, Yarramalong Shire Council,

Dear Kylie,

I am writing on behalf of Willenabrina CWA Branch Members. A discussion came up at our last meeting and Members feel there is a need for a defibrillator at the Senior Citizens rooms. These facilities are now used by a number of organizations and the majority of these users are in the Senior age group and therefore more likely to suffer a heart attack.

We are writing to you to ask if there is a possibility of the Shire supplying a defibrillator, and appropriate training to the individual groups, for the Senior Citizens Rooms?

We await your response.

Yours Sincerely

Elaine Quick

Secretary Willenabrina CWA.
